PROJECT EXPERIENCE

Vegas Luxury Home Tours - [Booking site](#) / [Blog](#) - [Live Site](#) | [Source Code](#)

- Designed and developed for a client who wanted a custom, all-in-one solution, to breakaway from pre-built templates and hosted platforms. Revenue for their product jumped 20% per seat sold.
- Designed in Figma. Built with React, CSS, and Framer Motion. Integrated with Sanity IO, Email JS, Calendly, Mailchimp, and Stripe.

coderMerch - [E-Commerce Streetwear Shop](#) - [Live Site](#) | [Source Code](#)

- Designed and developed a fully responsive production e-commerce site featuring original graphic tees and other clothing and items for sale. Site is complete with headless commerce CMS, details page, editable shopping cart, checkout, and transactional e-mails. Site is generating revenue.
- Designed in Figma. Built with React, CSS/Material UI, and Framer Motion. Integrated with Commerce JS, Email JS, Calendly, Mailchimp, and Stripe.

Galleria Slideshow - [Frontend Mentor Pro Challenge](#) - [Live Site](#) | [Source Code](#)

- Developed a fully responsive Frontend Mentor Pro challenge gallery site that focuses on the masonry layout and timed slideshow.
- Built with React, CSS/Styled Components.
